

FAMILLE HUGEL

Gewurztraminer VENDANGE TARDIVE 1997

AOC Alsace, Alsace, France

great specialty for several generations of the Hugel family, who drafted the law on late harvest.

Wine with great power and longevity to taste religiously by itself during a special occasion.

QUICK VIEW

These wines made from overripe grapes are picked well after the classic vintage and in the greatest years only. The action of noble rot (*botrytis cinerea*) gives them an almost unlimited ability to age. They are part of the elite of the greatest wines in France.

THE VINTAGE

A very great vintage in Alsace with record levels of maturity. Ideal weather conditions in the Spring, with just the right amount of rain, were followed by a drought that lasted from August right through to early November. The crop was average in size, but the grapes were perfectly sound, with in some cases quite low acidity.

IN THE VINEYARD

Produced from over-ripened grapes in a selection of the oldest plots of the Hugel estate in the heart of the grand cru Sporen made up of Lias clay-marl, decalcified on the surface, exceptionally rich in phosphoric acid

Date of harvest : 26, 30. Oct. & 2. Nov.1997

Potential alcohol : 16°2

WINEMAKING

The grapes are taken in small tubs to the presses, which are filled by gravity, without any pumping or other mechanical intervention.

After pressing, the must is decanted for a few hours, then fermented in temperature-controlled barrels or vats (at 18 to 24°C). The wine is racked just once, before natural clarification during the course of the winter. The following spring, the wine is lightly filtered just before bottling, and the bottles are then aged extensively in our cellars until released for sale.
